1.1 Test groups verdict

- One member couldn't sign time reports. Since he was the only one with this issue, TG marked the test as passed.
- All other tests passed.

1.2 Discussion

- DG clarified how the code worked, which clear up a review remark concerning the security of the password generation.
- The group decided that all unused methods would be purged.
- The group decided that the log out button being accessible via a drop down menu on slim screens complied with the visibility requirement.

All other remarks are to be corrected. Deadline for corrections is Monday (08/03) 16:00
